Mofongos Restaurant is the only place that serves a full Puerto Rican food menu in Los Angeles County.

Our goal is to provide affordable, authentic food with fast service and a great atmosphere.

We are located in the NoHo Arts District and we strive to provide an eclectic, artistic, yet traditional Puerto Rican experience. Pa'Lante! Mofongos was started by owner and chef Augusto who began originally working out of his kitchen at home.

After living in Los Angeles for over 10 years he decided that enough was enough, and that Los Angeles needed to have a place where people could dine and experience the proud Puerto Rican culture.

After a few months of working at home the business grew and in November 2009 Mofongos opened its maiden location right in the bustling and trendy Noho Arts District.
