Live in an apartment that won't let you attach anything to a wall, and want an alarm system, this is for you.

The 2gig Go control alarm system, used by some of the biggest names in security, is for sale. We sell the alarm system to you, you install with double stick tape the magnet and sensor. A simple desk top mount can be ordered to let you place the panel anywhere you can plug it in.

If you need permits, or special permission from a landlord that is up to you. No contracts with us, this is a local alarm system and if you want to upgrade to a monthly service package you can at any time.

Packages:

local sounding alarm no monthly fee.

local and email or text alert to your smart phone \$17 month

the above and a person calls you and or /the police or fire \$29

If you would like to talk to the alarm company over the panel add \$5 per month

Call us to design the system that you need. 866-784-2511

We offer systems as low as \$199 plus shipping

and systems with cell or GSMs for \$265 plus shipping
