TraffUP is so simple even your Grandma can use it to increase visitors on her blog, get more Twitter followers or spread messages using Retweets

Step 1) Create Your Account - it's Free!

Sign up and add your website or associate your Twitter account. As a new member, you get 100 bonus points to get started.

Assign some points (e.g. 5, 10, 15 etc.) to your website or Twitter profile for other users to visit your website or follow you. Points are deducted from your account whenever your website receives a new visitor or somebody follows you.

Step 2) Attract Users

Points assigned to your website or Twitter profile are crucial as Traffup users prefer to visit websites that offer more points.

Assign more points to attract more visitors and display your website, Twitter profile or messages on top in search results.
