WHY SURF-BAR-TRAFFIC...?

Surf-Bar-Traffic is a manual traffic exchange so your site(s) are seen! When your aim is to get traffic to your sites you found the right place.

We give a very small cash reward for surfing but we reward active members that participate in surf parties with nice prizes like larger cash prizes, free upgrades, credits, solo mails or start pages and similar

Our state of the art verification system will keep out bots and cheaters so you sites are seen by real people only.

Unique on our exchange is that members text ads and banner ads (supporting more sizes than the average TE) are shown on websites outside the exchange.
